Smart Systems and Technologies (SST) is a conference organized and hosted by the Faculty of Electrical Engineering, Computer Science and Information Technology, Josip Juraj Strossmayer University of Osijek. The conference will provide a platform for researchers and practitioners interested in the theory and practice of smart systems and technologies related to electrical engineering, communications, computer science and engineering, control systems, robotics, as well as interdisciplinary research and applications.

Topics for submission include, but are not limited to, the following:

Affective Computing  
Agriculture Automation  
Applied Electromagnetics in Smart Systems  
Artificial Intelligence  
Big Data and Smart Systems  
Biometrics and Smart Systems  
Cloud Computing  
Control Systems and Robotics  
Cyber-Physical Systems  
Dependable Computer Systems  
Embedded Computer Systems  
Green Communication  
Green Computing  
High Performance Computing  
Image and Video Processing

Intelligent Power Systems and Environments  
Intelligent Transportation Systems  
Internet of Things  
Microgrid  
Mobile and Wireless Networks  
Security and Privacy  
Smart Antennas  
Smart Grid  
Smart Health  
Smart Houses and Cities  
Smart Power Systems  
Smart Systems and Technologies in Education  
Smart Systems for Green Energy  
Smart Systems in Business Information Systems  
Software Engineering for Smart Systems

## PAPER SUBMISSION AND PUBLICATION

All papers submitted to the conference must not have been published, submitted or accepted for publication elsewhere. IEEE policy regarding plagiarism and duplicate submission/publication will be strictly enforced. All papers will be judged on the basis of their clarity, relevance, originality, and contribution. Manuscripts will be limited to 6 (IEEE style) pages, up to 8 pages with additional costs. Papers should be submitted electronically via the on-line submission system (Easy-Chair). Paper submission should follow the IEEE double-column format for conferences (templates will be available via the conference web site). Submitted papers will undergo a peer review process coordinated by the Program Committee. All submissions must be in English. Authors of accepted papers are required to register for the conference and attend the conference in order to have their paper included in the SST 2022 Proceedings and submitted for posting to the IEEE Xplore database, WoS, Scopus and other indexing databases. Selected papers presented at the Conference will be invited for possible journal publication (*International Journal of Electrical and Computer Engineering Systems, Energies*) in expanded format after a new round of review.

## IMPORTANT DATES

20th May, 2022	Conference paper submission deadline (Extended)
15th June, 2022	Notification of conference paper acceptance
6th July, 2022	Final conference paper submission
14th Sept., 2022	Conference registration

## SPECIAL SESSION AND WORKSHOP PROPOSALS

A special session proposal (up to 2 pages) should contain the session organizer(s) short bio and contact information, title, summary, and objectives. All papers submitted to a special session must comply with paper submission and publication guidelines and will be reviewed according to the review procedure. Workshop proposals are also solicited. A workshop should focus on a specific theme related to the main conference topics. The proposal (up to 2 pages) should describe the theme and scope of the workshop and contain workshop chair(s) bio and contact information and a tentative list of workshop program committee members. Special session and workshop proposals may be submitted by e-mail to the Program Co-Chairs.

## IMPORTANT DATES

15th March, 2022	Workshop and special session proposal submission
31st March, 2022	Workshop and special session proposal acceptance
1st May, 2022	Workshop/special session paper submission
15th June, 2022	Notification of workshop/special session paper acceptance
6th July, 2022	Final paper submission
14th Sept. 2022	Workshop/special session registration
