submissions:

31 December 2022

Message from the Guest Editors

Dear Colleagues,

International Conference on Smart Systems and Technologies (SST) is a conference organized and hosted by the Faculty of Electrical Engineering, Computer Science and Information Technology Osijek, Josip Juraj Strossmayer University of Osijek. The conference will provide a platform for researchers and practitioners interested in the theory and practice of smart systems and technologies related to electrical engineering, communications, computer science and engineering, control systems, robotics, as well as interdisciplinary research and applications. Extended selected papers from 5th International Conference on Smart Systems and Technologies (SST 2022) will be invited for publication in this special issue.

The topics to be addressed in the Special Issue include (but are not limited to):

- Applied Electromagnetics in Smart Systems;
- Intelligent Power Systems and Environments;
- Intelligent Transportation Systems;
- Microgrid; Smart Antennas;
- Smart Grid;
- Smart Houses and Cities;
- Smart Power Systems;
- Smart Systems for Green Energy

Eudossiana 18, 00184 Roma, Italy

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and many other databases.

Journal Rank: CiteScore - Q1 (*Control and Optimization*)
